ADMISSION FEES, REGISTRATION FEES AND OTHER FEES PERTAINING TO COLLEGE INSTRUCTION SERVICES

ARTICLE 1: PURPOSE

1.01 The purpose of this by-law is to determine admission fees, registration fees and other fees pertaining to college instruction services. It also seeks to determine the conditions governing collection methods and if necessary, the refunding of these fees.¹

ARTICLE 2: FIELD OF APPLICATION

2.01 This by-law applies to all full-time and part-time students enrolled in regular college study programs (DCS or ACS), continuing education programs and programs of study leading to a diploma of vocational studies (DVS)².

2.02 Sponsored students from other institutions may not be charged fees related to instruction services or other fees if such fees are they are collected by their home institutions.

ARTICLE 3: ADMISSION FEES

3.01 *Admission fee*

This fee is charged to open a file for a student who has applied for admission to a program of studies leading to a diploma of college studies (DCS)³, a diploma of vocational studies (DVS) or an attestation of college studies (ACS). These are universal fees that are to be paid as part of any new college admission. These fees (\$30) cover:

- Opening a file;
- Analysing the file;
- Program changes;
- Profile changes; and
- Post-college pathway changes.

Course auditors are also charged this fee if they do not yet have an open file at the College.

If the admission application has been submitted via the Service régional d'admission des collèges de Québec (SRACQ), the admission fee is \$39 and must be paid directly to SRACQ. Students enrolled at the Montréal Campus are sent an invoice for this amount; the payment is then transferred to SRACQ.

Admission fees must be paid to reactivate a file that has been inactive for more than a year.

¹ The various categories of fees and costs have been established in keeping with the *Document d'encadrement sur les droits prescrits en vertu de l'article 24.5 de la Loi sur les collèges d'enseignement général et professionnel*.

² DVS students receive the same services and have the same recourse as students enrolled in regular college and continuing education programs. This explains why ministry directives require colleges to charge the same fees even though the level of education is different.

³ Programs qualifying students for enrolment in DCS programs are considered equivalent to DCS programs in this by-law.

3.02 Other admission fees

Students receiving the following services must pay additional admission fees as follows:

- Admission after scheduled dates: \$20 late fee;
- File analysis for a student who applies for recognition of acquired competencies: 50 \$;
- Coaching to evaluate competencies as part of the process to recognise acquired competencies for a specific program : \$90 per competency to a maximum of \$500 for a specific training program and \$300 for general education;
- Comparative analysis of a foreign student's file for SRACQ admission purposes: \$46 (to be paid directly to SRACQ); and
- Comparative analysis, conducted directly by the College, of certain files to have academic training recognised: \$75⁴.

ARTICLE 4: REGISTRATION FEES

4.01 Registration fees

These fees are for administrative acts related to the recording of information about students and their progress in the program to which they have been admitted, regardless of the level of instruction. ⁴ Higher fees may be charged in situations involving the recognition of academic instruction so as to obtain a diploma. A preliminary assessment of the costs will be conducted prior to the analysis.

- Some activities taking place outside College premises;
- The use of non-funded material or accommodations; or
